To Whom It May Concern:

I am writing to apply for a researcher position at your lab. I am currently a post-doctoral researcher in the Computer Science and Engineering Department of University of California, San Diego. My main research interests are in computer networking, with an emphasis on traffic measurement and analysis.

I enclosed my curriculum vitae with a list of references, research and teaching statements and four representative publications. These materials are also available electronically from <http://www.cs.ucsd.edu/users/cestan/application/>.

I look forward to the opportunity to discuss my application in person.

Sincerely,

Cristian Estan

Enclosed Curriculum Vitae (including names of references)

Research Statement

“New Directions in Traffic Measurement and Accounting”

“Automatically Inferring Patterns of Resource Consumption in Network Traffic”

“Bitmap Algorithms for Counting Active Flows on High Speed Links”

“The Measurement Manifesto”
